born in austria karl popper 1902 1994 was one of the dominant philosophical thinkers of the 20th century a ground breaking thinker he saw the essence of true science as being the readiness to submit theories to severe testing and to reject them when refuted by test his first major book in 1935 the logic of scientific discovery marked him as a major analyst of science and was to have an enormous influence on the way people including major scientists came to think about the field this collection is a timely assessment of the reactions to and abiding influence of popper s work and the controversy it caused across many academic and political fields the set includes early responses to popper s work from sources difficult to obtain and also two early reviews by carnap and grelling in translations specially prepared for this set it is organised thematically and includes a substantial new introduction by the editor

exploration has long been pivotal to southern engagements with northern canada but it is most often associated with the nineteenth century or earlier a cold colonialism offers the first extended examination of twentieth century exploration in the canadian north modern exploration helped southerners establish and maintain distinctive kinds of colonial and settler colonial power over northern indigenous homelands who explored the north between 1918 and 1965 what forms did exploration take what did it mean to explorers and others affected by it tina adcock focuses on four representative explorers with richly documented careers mining engineer george douglas surveyor guy blanchet ethnologist vilhjalmur stefansson and filmmaker richard finnie despite limited experience in and knowledge of the canadian north these explorers helped southern militaries industries and governments exert control over northern peoples and their lands each also claimed belonging in and authority over the north in ways that still resonate among southern settlers in canada today

popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

this edited collection is a careful assemblage of papers that have contributed to the maturing field within education studies that works with the feminist

implications of the theories and methodologies of posthumanism and new materialism what we have also called elsewhere phematerialism the generative questions for this collection are what if we locate education in doing and becoming rather than being and how does associating education with matter multiplicity and relationality change how we think about agency ontology and epistemology this collection foregrounds cutting edge educational research that works to trouble the binaries between theory and methodology it demonstrates new forms of feminist ethics and response ability in research practices and offers some coherence to this new area of research this volume will provide a vital reference text for educational researchers and scholars interested in this burgeoning area of theoretically informed methodology and methodologically informed theory the chapters in this book were originally published as articles in taylor francis journals

amelia westlake was never here meets an empathetic exploration of anxiety at historically black boarding school briarcliff prep love triangles friendship breakups and slice of student life are balanced with a thoughtful discussion about mental health all in a love letter to black girls avielle lebeau is beginning her second year at briarcliff prep and she s got big dreams top of the list starting her own student life magazine and rooming with her besties rhyon and zazie but a housing mix up splits avi from her friends and to make matters worse she s rooming with her rival fallon walsh instead how does one girl juggle school a fracturing friendship living with a mean girl and getting caught in a potential love triangle between the ex she can t move on from and a friend who s becoming something more it s a lot made even harder by the panic attacks avi has been experiencing lately if one thing is true about the lebeau family it s that they re always there for each other but with her older sister belle away at college and her brothers preoccupied chasing their own dreams avi must learn how to find support in new unlikely places will avi finally find her voice or will her dreams be drowned out by everyone else
