synchronicity serendipity divine intervention the universe strange angels i started writing strange angels in 2016 and like with all the books i have ever written at specific points in the writing process i knew an event hadn't happened yet which was crucial to my finishing this book with 99 of the book complete i knew something was missing so i listened to my soul and i gave it some space strange angels is about how the people you meet in your life are for a specific reason it is about how real life events often simultaneously occur in your life to either renew your spirit or to answer a problem you have been trying to solve on your own but haven't it is about stillness and plateaus and listening to your soul i finished writing strange angels during the 2020 coronavirus pandemic with the whole world shut down seeing the world in solitude social

distancing and understanding who and what is essential in life was the event i needed to experience to finish writing this book i understand the importance of interactions with people the need to live life of seeing the world of knowing the effect we all have on one another and that the invisible can be very powerful i know more than anything else in this world when a life changing event simplifies your life when it brings it to a standstill it also gives you a gift the ability to hear your soul your soul is always there for you just on most days life s noise drowns it out when you strip away the noise of the world one s soul becomes audible the opportunity to clear the air to be able to listen to our souls is a gift when we hear and listen to our souls we are aligned life in soul alignment is the most valuable time in our lives it is in soul alignment that the divine orchestrates our journey there is nothing more important it is the divinely orchestrated journey of our soul so often we make plans without ever listening to our soul and we wonder why those plans peter out at some point it is only after experiencing a life changing event where all we have or ever worked for is washed away in an instant that we realize we are most rich for an extraordinary gift has been given to us the gift is the clear audible pathway to hear our soul i believe it is when we are in alignment with our soul that strange angels guide us to the next divine dot in our lives i have often tried to define what success is in life i have concluded success for me is living a life that is in alignment with my soul no matter life s circumstances to recognize the people who speak to my soul to partake in actions that make the sound of my soul louder to trust in the process of life when i do i believe i am living successfully to be able to recognize the strange angels your soul sends into your life you must be aligned with your soul sometimes it takes a life changing event like a world pandemic to become soul aligned so be it welcome the strange angels in your life recognize when you are among them allow them to guide you to your next divine dot for when the divine dots of your life eventually all become connected the portrait and true purpose of your life is revealed strange angels is the fourth book in the every breath is gold memoir collection it can be read as a standalone although i believe one would enjoy it more having read 6 minutes wrestling with life again and your soul knows

intended for general readers and for students and scholars of poetry poetry as survival is a complex and lucid analysis of the powerful role poetry can play in confronting surviving and transcending pain and suffering gregory orr draws from a generous array of sources he weaves discussions of work by keats dickinson and whitman with quotes from three thousand year old egyptian poems inuit songs and japanese love poems to show that writing personal lyric has helped poets throughout

history to process emotional and experiential turmoil from individual stress to collective grief more specifically he considers how the acts of writing reading and listening to lyric bring ordering powers to the chaos that surrounds us moving into more contemporary work orr looks at the poetry of sylvia plath stanley kunitz and theodore roethke poets who relied on their own work to get through painful psychological experiences as a poet who has experienced considerable trauma especially as a child orr refers to the damaging experiences of his past and to the role poetry played in his ability to recover and survive his personal narrative makes all the more poignant and vivid orr s claims for lyric poetry s power as a tool for healing poetry as survival is a memorable and inspiring introduction to lyric poetry s capacity to help us find safety and comfort in a threatening world
