thirty years that it all took in those 30 years the christian church gained sufficient growth and credibility to become the largest religion the world has ever seen and to change the lives of hundreds of millions of people and it all began with a dozen men a handful of women and the holy spirit acts is their story while it is tempting to think of the early christian church as the pinnacle of unity purity and perfection this is misleading author wilson paroschi writes we find the early believers including the apostles entangled with misconceptions personal conflicts prejudice and several other difficulties typical of human nature they were not infallible what they were able to accomplish in such a short period of time however is a perpetual testimony of how powerfully god can work when men and women despite their limitations and failures humble their hearts in prayer and submit their lives to the control of the holy spirit we should not look at acts as a retelling of the missionary successes of the apostles but rather as an example of the amazing things god was able to accomplish through them in reclaiming humanity for himself book jacket

the book of acts gives us a basic understanding of the story of the first century church from 30 ad pentecost up until paul s first imprisonment in rome which lasted from 61 ad to 63 ad luke s account in acts ends when paul is still under house arrest but it only gives us a skeletal understanding of the story not the full picture by combining what we find acts with details found in the rest of the new testament letters we can gain a wealth of information and revelation about what jesus continued to do and teach through his apostles and prophets but all these details are a challenge to sort out and without a timeline to put the people and events in context it is still difficult to discern the full picture where in our bibles are we given a summary about what specifically transpired during that period from 63 ad when the book of acts ends through 70 ad during which time the rest of the new testament epistles were written when precisely was each written from where were they written what circumstances and events were taking place within secular history and circumstantially within the churches that motivated them to be written where do we find that history or that story clearly laid out for us as we study our new testaments the answer is we don t piecing together the story of the early church is much like putting together a puzzle understanding the timeline is critical it s like finding the

corner and edge pieces of a puzzle around which the rest of the puzzle all falls into place having a timeline will guide you into a fuller understanding of the real story of the new testament church
