the expert in litigation and arbitration provides the complete picture of the role and duties of the expert witness in the uk germany france italy usa australia hong kong and china with articles and chapters from leading practitioners around the world the book looks at the role of the expert in many different disciplines and jurisdictions examining topical issues such as the independent status of the expert and professional liability this book looks at the role of experts in both arbitration and litigation considering how experts are currently used in civil actions and what lessons can be learnt from this with much practical advice for the inexperienced expert witness it covers many of the pitfalls faced by experts looking at the various situations that can arise either in court or before an arbitrator

a group of renowned sociological theorists analyze why the attempts to make sociological theory formal in the 1960s and early 1970s failed this becomes not only an unusual and interesting analysis in the sociology of knowledge but several of the articles move to the level of analyzing the entire discipline explaining why positivism did not take hold and what are the distinctive characteristics of sociology as a discipline anyone interested in sociology as a discipline and more specifically sociological theory will find interesting analytical models

hermann cohen 1842 1918 was a leading figure in the neo kantian philosophical movement that dominated european thought before 1918 he is also the inaugural figure for what is meant by modern jewish philosophy in the twentieth and twenty first centuries this book explores cohen s striking claim that ethics is rooted in law a claim developed in both his philosophical ethics and his philosophy of judaism in particular in his writings on love of neighbor up to and including his well known religion of reason dana hollander proposes that neither cohen s systematic philosophy nor his jewish philosophy should be seen as the dominant framework for his oeuvre as a whole but that his understanding of key philosophical questions takes

shape in the passages between both corpuses a trait that could be seen as paradigmatic for modern jewish philosophy ethics out of law taps into one of the prime topics of current interest in the field of jewish philosophy the nature of jewish political existence and the changing configurations of law that this entails
