ideal for students and professionals alike this book uses a wide range of examples and answers key questions in the study of how museums communicate and provides an excellent set of frameworks to investigate the complexities of communication in museums

answering key questions in the study of how museums communicate louise ravelli provides a set of frameworks to investigate the complexities of communication in museums what is an appropriate level of complexity for a written label why do some choice in language make a more direct relation to visitors is there a correct way of presenting a particular view of content how do design practices contribute to the overall meanings being made the frameworks enhance the way we critically analyze and understand museums text both in the sense of conventional

written texts in museums and in an expanded sense of the museum as a whole operating as a communicative text using a wide range of examples ravelli argues that communication contributes fundamentally to what a museum is who it relates to and what it stands for not only museum studies and communications studies students but also professionals in the field will find museum texts an indispensable guide on communication frameworks

in any museum gallery or heritage site that wishes to engage with foreign language visitors translation is essential providing texts in foreign languages whether for international visitors from different language cultures or for heritage speakers of local minority languages is centrally important in enabling these visitors to make sense of what they see displayed yet despite this awareness and a growing body of research in the field there has hitherto been little available in the way of practical training in this area of translation this book aims to help fill that need translating for museums galleries and heritage sites focuses on the translation of interpretive and information texts particularly in the museum context after an initial introduction and an overview of key concepts in both museums and translation it looks at three broad groupings of texts from the museum text system fixed labels and wall panels leaflets and other portable learning resources and catalogues and guides including a section on websites it concludes with a call to place translation centre stage in museum gallery and heritage practice the book will be of use as a coursebook for students at both undergraduate and postgraduate levels and for practitioners in the sector and is designed to be suitable for both individual and class based learning

text is a forum for interdisciplinary research on all aspects of discourse e g the situational and historical nature of text production the cognitive and sociocultural processes of language practice participant based structures of negotiation and linguistic selection it aims to challenge through critique and debate the tenets of discourse research across disciplinary boundaries both in terms of theoretical output and practical outcomes to encourage dissemination of scholarly work in under represented domains e g communication science artificial intelligence forensic linguistics rhetoric and composition stylistics narratives institutional ethnography sociology of science to remain independent of any individual or group ideology while encouraging in equal measure the use of discourse to challenge discourse orthodoxy
