duncan discusses the role that myth plays in the life of contemporary consciousness

the truth is that there is something within you that is not in harmony with what you believe your will is not in harmony with what should be there is something within you that sees the world and knows that these answers are not leading to what actually should be all through life you have chosen to look at the world as you are and what your circumstances told you you never took time to look at it as it is and at its true nature for i tell you the painful truth life is really simple but you insist on complicating it for a long time you have listened to outside noises and ignored the voice inside you you have forgotten the person you were before the world told you who you are for i say to you take a look at the world closely now see what i see feel what i feel understand what i understand and perceive what i perceive according to religion 99 percent are going to heaven according to the son of man a mere 1 percent is going to hell for i tell you the truth not all you have been told is what truly is for some people have been fooled most of this time but i tell you the truth not all of the people can be fooled all of the time for a long time you have searched for the door to the truth only to realize that you had the key all along for i tell you the truth you are what you think not what you think you are think about it now think about it

what is life all about is life a grand conspiracy a marvelous mystery an incredible accident or something else the surprise is that you can know the truth about life and be 100 confident in that knowledge you will know what is on the other side of death amazingly your success or failure in life has to do with your attitude the person with the wrong attitude can read see hear the truth and deny it vehemently while the person with right attitude will understand appreciate and believe the truth life is a perfect and difficult test the process of life itself sorts out good from evil right from wrong and you will succeed or fail depending on your attitude the book defines the attitude you need to succeed and provides evidence and examples to convince what is life really all about it may be true that most people do not care but what is the reason for not caring generally it is because people doubt anyone really knows and thus why should anyone care in addition the world brings great confusion to this subject there are scams and frauds around every corner and even honest people push the limits of the truth with exaggeration which is really a lie greed selfishness covetousness envy and power are behind a lot of the deceit the wonder of heaven will provide infinitely more than people could ever achieve on earth but people want everything now and deceit is a frequent companion to achieving earthly desires there are 45 chapters in the book what is life all about

and then some extensive helpful appendices another 163 pages the single most influential deceit is in the area of religion the single most prominent reason for being an atheist or agnostic is religion the past 2000 years of religious history includes unspeakable cruelty wars terrorism indoctrination lies and deception and this rightly leads to opposition but also strangely to acceptance indifference excuses by others the critical missing fact is that god had nothing to do with these religions but abhors them what a pathetic assumption to blame god the truth about god and these religious groups could quickly clarify the situation chapter 16 is a chapter that begins to sort out how all this religious mess occurred here is a partial outline for chapter 16 16 1 what is seriously wrong with judaism 16 2 what is seriously wrong with roman catholicism 16 3 what is seriously wrong with protestant groups 16 4 what is seriously wrong with islam 16 5 what is seriously wrong with mormonism 16 6 what is seriously wrong with the jehovahs witnesses 16 7 what is seriously wrong with atheism agnosticism seriously wrong means there is no eternal value in these religions these belief systems were the fabrication of men and or women and did not come from god the evidence is overwhelming and deceit runs through these religions like vultures going through a carcass you do not need a forensic analysis but you can do a complete autopsy if you wish the damaging evidence regarding these groups is clearly seen and very logical and understandable from the book this is because as you understand god a significant subject in the book you do not need to go very far into these beliefs to see huge problems one of the attitudes you need is a love of the truth more than the love of what you currently believe you can understand god his purpose his plan inasmuch as he has revealed himself incredibly one major obstacle to overcome will be the magnitude of the deceit lies on top of lies often for many centuries define todays religions religion has become mans idea of god and there is no consistency just random unrelated doctrines the truth is infinitely different with everything perfectly connected to a single purpose ultimately your success or failure in life is simply a matter of where you place your trust is your trust in god or is it in men women who say they are telling you
