technician class pool valid until june 30 2018 general class pool valid until june
30 2015 extra class pool valid until june 30 2016 don t think of a black cat don
t think of a black cat do not think of a black cat the brain does not process
negatives very well it takes in information first and then later attempts to filter
out false data to expose someone to incorrect answers on a test is to place
fraudulent information in memory and then say to the brain don t remember
these answers it is for this reason the only answers you will encounter in this
book are the correct ones for those who wish to memorize only the answers
there are no formulas needed no math no electronics or theories to learn this
manual contains the answers to all possible questions in all tests from
technician class general class and extra class license tests in addition the
manual also provides the answers to the volunteer examiner s test however
many people want to know why and many need a framework on which to
relate the answers that is why this book is arranged so that theories formulas
rules and regulations are explained in separate chapters general theories and
concepts of electronics and antenna design along with f c c regulations are
presented to the reader formulas explanations and diagrams from various
sources give the reader all the information needed to pass the licensing tests
all in one book this is a two pronged approach you chose the path that is best
for you
