an insider reveals what can and does go wrong when companies shift production to china in this entertaining behind the scenes account paul midler tells us all that is wrong with our effort to shift manufacturing to china now updated and expanded poorly made in china reveals industry secrets including the dangerous practice of quality fade the deliberate and secret habit of chinese manufacturers to widen profit margins through the reduction of quality inputs u s importers don t stand a chance midler explains against savvy chinese suppliers who feel they have little to lose by p

a young girl forced to work in a queens sweatshop calls child services on her mother in this powerful debut memoir about labor and self worth that traces a chinese immigrant s journey to an american future as a teen anna qu is sent by her mother to work in her family s garment factory in queens at home she is treated as a maid and suffers punishment for doing her homework at night her mother wants to teach her a lesson she is chinese not american and such is their tough path in their new country but instead of acquiescing qu alerts the office of children and family services an act with consequences that impact the rest of her life nearly twenty years later estranged from her mother and working at a

manhattan start up qu requests her ocf's report when it arrives key details are wrong faced with this false narrative and on the brink of losing her job as the once shiny start up collapses qu looks once more at her life's truths from abandonment to an abusive family to seeking dignity and meaning in work traveling from wenzhou to xi'an to new york made in china is a fierce memoir unafraid to ask thorny questions about trauma and survival in immigrant families the meaning of work and the costs of immigration

explains various ceremonies and behavior patterns inherent in the chinese culture as revealed in such modes of artistic expression as sculpture drama literature pottery and architecture

leading scholars examine china's global strategic plans from hong kong to military power to economic dominance over the past few decades china has increasingly challenged the global influence of the united states in china's grand strategy david b h denoon brings together a group of eminent scholars to explain china's rapid ascendance on the world stage as well as its future implications for global politics contributors address the military economic diplomatic and internal political factors shaping china's strategy in addition to highlighting beijing's objectives in different parts of the world such as central asia africa and the middle east ultimately they explore the promise and perils of china's rapidly changing political ambitions showing how the country has made its mark on the twenty first century china's grand strategy provides insight into china's quest to become a global leader particularly at a time when the future of both china and the us remain uncertain in the context of current crises like the coronavirus pandemic the ongoing protests in hong kong and escalating tension between top leaders and officials this book cannot predict the future for china or the us but the insights offered can help make sense of where we have been and where we are going

this book examines the recent development and prospect of the chinese economy as the country adapts to changing domestic and external settings after more than three decades of near double digit annual expansion the country's growth decelerated considerably to enter a new era of the so called new normal at the macro level considerable amount of overhaul is required to improve governance and enhance regulatory effectiveness these include monetary policy adjustment financial sector development and taxation reforms as the chinese government at both the central and local levels plays an important role in promoting growth issues such as the role of local government and the reform of state owned enterprises are examined in this book topics such as the development of private consumption and industrial upgrading are also assessed the book discusses several matters considered important to china's social and economic cohesion including the management of agricultural product reserves the development of a functioning social security system and regional development to help project a long term view of china's economic strength the book also examines such factors as development in population and the labour market this book provides a comprehensive analysis of china's economy and identifies the recent developments that matter to china's economic future

discusses long hours and working conditions of employees working in china including of

overseas large brand name companies

this book studies all aspects of chinese history from the very beginning to date it is written in very easy language and lucid style it depicts as to how china has become one of the most dominant powers of the world the book highlights chinese culture its religion its view of war and military its attitudes towards other cultures and the development of society from prehistoric to modern times role of communist party of china basic features of constitution of china and details of communist rule of china have been given in detail the topics covered are a brief survey of chinese history its educational system career political ideas of mao tse tung sino soviet relations before and after indo china border conflict china s relations with u s a and western powers and with third world countries and u n o sino indian relations and tibet china after mao and china s 21st century progress and development position of present china and its comparison with india taiwan and its relation with macao and hong kong thus this book will prove very useful for students of b a hons and m a and for various competitive examinations and for general readers

the thesis assesses made in china 2025 china s plan to improve its manufacturing base in high tech industries and the reactions it has prompted from the international community the roots of the current china us trade war can also trace its roots back to mic 2025 as the us and other western powers have complained of unfair practices such as forced technology transfers and myriad state backed acquisitions of foreign technology companies china justifies its behaviour with its developing status but as it assumes dominant position in multiple high tech industries that excuse seems to ring hollow there are signs that china will start to open its markets more and adopt fairer practices

this essay collection presents a new examination and fresh insight into sino american relations from the end of world war ii to the 1960s the compilation breaks new ground by exploring some of the untouched chinese and soviet communist sources to document the major events and crises in east asia it also identifies a new pattern of confrontations between china and america during the cold war based on extensive multi archival research utilizing recently released records the authors move the study away from the usual soviet american rivalry and instead focus on the relatively unknown area of communists interactions and conflicts in order to answer questions such as why beijing sent troops to korea what role china played in the vietnam war and why mao caused crises in the taiwan straits the articles in the book examine chinese perceptions and positions and discuss the nature and goals of china s foreign policy and its impact on sino american relations during this crucial period

this book focuses on the future of china and its sustainable development and summarizes the implications forms causes countermeasures and related rules of the main costs generated during a country s period of development so as to provide a theoretical reference and decision making consulting tools for institutions and scientific governance and management professionals combining china s national situation and development characteristics with the country as a unit it uses case studies to propose the concept of cost theory and the theoretical system of national development cost focusing on the goals of

innovation in nation building common development and prosperity as well as enhancement of people s net welfare the book summarizes and draws conclusions about various aspects of national development including economic development cost political social and cultural development cost foreign opening up development cost and nature development cost it primarily establishes an indicator system of national development cost for promoting full factor productivity and reducing development cost and provides a theoretical basis for implementing the scientific political achievement view

beginning in 1895 includes the proceedings of the east india association
