contains a concise account of wagner s life by john deathridge and a treatment of
wagner s music aesthetics and individual operas and music dramas by carl dahlhaus

which is a tour de force joseph kerman new york review of books

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

the unrivaled single volume survey of wagner s life and work edited by one of the leading wagner scholars of modern times and with contributions from seventeen experts from around the world the wagner compendium is the key to a complete understanding of the composer the most comprehensive informative and well organized guide to his life and times features include calendar of wagner s life works and related events who s who of wagner s contemporaries details of historical intellectual and musical background exploration of wagner s character and opinions full list of wagner s prose writings comprehensive listing and discussion of the works

wagner s ring is one of the greatest of all artworks of western civilization but what is it all about the power and mystery of wagner s creation was such that he himself felt he stood before his work as though before some puzzle a clue to the ring s greatness lies in its multiple avenues of self disclosure and the corresponding plethora of interpretations that over the years has granted ample scope for directors and will no doubt do so well into the distant future one possible interpretation which richard bell argues should be taken seriously is the ring as christian theology in this first of two volumes bell considers among other things how the composer s christian interests may be detected in the forging of his ring looking at how he appropriated his sources whether they be myths and sagas writers poets or philosophers and considering works composed around the same time especially his jesus of nazareth

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this book analyzes the lifelong impact of beethoven s music on wagner and its importance for his conception of music drama kropfinger charts and scrutinizes wagner s early responses to the composer and considers his experience as a conductor of beethoven s music a discussion of the romantic beethoven image leads to a careful study of wagner s aesthetic writings including his programmatic explanations the text concerning franz liszt s symphonic poems and his beethoven centenary essay the penultimate chapter addresses wagner s theory and practice of music drama which he came to regard as the preordained successor to the beethoven symphony by analyzing special terms such as leitmotiv wagner s structural view of musical drama comes to the fore it is a view that deepens not only our understanding of musical drama as a hybrid genre of art but also of purely musical structure and forms that wagner sought to outdo

includes trois m lodies and the wesendonck lieder and selections from the operas rienzi der fliegende holl nder tannh user lohengrin tristan und isolde die meistersinger von n rnberg die walk re siegfried g tterd mmerung parsifal

the companion is an essential interdisciplinary tool for those both familiar and unfamiliar with wagner s ring it opens with a concise introduction to both the composer and the ring introducing wagner as a cultural figure and giving a comprehensive overview of the work subsequent chapters written by leading wagner experts focus on musical topics such as leitmotif and structure and provide a comprehensive set of character portraits including leading players like wotan br nnhilde and siegfried further chapters look to the

mythological background of the work and the idea of the bayreuth festival as well as critical reception of the ring its relationship to nazism and its impact on literature and popular culture in turn offering new approaches to interpretation including gender race and environmentalism the volume ends with a history of notable stage productions from the world premiere in 1876 to the most recent stagings in bayreuth and elsewhere

an investigation of the considerable influence of wagner s stay in zurich from 1849 to 1858 a period often discounted by scholars on his career when the people of dresden rose up against their king in may 1849 richard wagner went from royal kapellmeister to republican revolutionary overnight he gambled everything but the rebellion failed and he lost all now a wantedman in germany he fled to zurich years later he wrote that the city was devoid of any public art form and full of simple people who knew nothing of my work as an artist but he lied zurich boasted arguably the world s greatest concentration of radical intellectuals and a vibrant music scene wagner was accepted with open arms this book investigates wagner s affect on the musical life of the city and the city s impact on him mathilde wesendonck emerges not as wagner s passive muse but as a self assured woman who exploited gender expectations to her own benefit in 1858 wagner had to flee zurich after again gambling everything this time on mathilde and again losing but it was in zurich that wagner wrote his major theoretical works composed das rheingold die walküre and parts of siegfried and tristan und isolde first planned parsifal held the first festival of his music and conceived of a theater to stage his own works if wagner had been free in 1849 to choose a city in which to seek heightened intellectual stimulation among the like minded and the similarly gifted he could have come to no more perfect place chris walton teaches music history at the musikhochschule basel in switzerland he is the recipient of the 2010 max geilinger prize honoring exemplary contributions to the literary and cultural relationship between switzerland and the english speaking world

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
