the first book of its kind out of what began traces the development of a distinctive tradition of irish poetry over the course of three centuries beginning with jonathan swift in the early eighteenth century and concluding with such contemporary poets as seamus heaney and eavan boland gregory a schirmer looks at the work of nearly a hundred poets considering the evolving political and social environments in which they lived and wrote schirmer shows how irish poetry and culture have come to be shaped by the struggle to define irish identity schirmer includes a large number of accomplished poets who have been unjustly neglected in standard accounts of irish literature many of these writers are women whose work has been kept in the shadows cast by that of well known male poets he also emphasizes the importance of political poetry in a country that continues to be torn by sectarian violence with its rich selection of poetic voices out of what began reveals the political social and religious diversity of irish culture

the washington post journalist and legal expert ruth marcus goes behind the scenes to document the inside story of the brett kavanaugh confirmation battle and the republican plot to take over the supreme court thirty years in the making in this impressively reported highly insightful and rollicking good read the new york times book review in the summer of 2018 the kavanaugh drama unfolded so fast it seemed to come out of nowhere with the power of the metoo movement behind her a terrified but composed christine blasey ford walked into a senate hearing room to accuse kavanaugh of sexual assault this unleashed unprecedented fury from a supreme court nominee who accused democrats of a calculated and orchestrated political hit but behind this showdown was a much bigger one the washington post journalist and legal expert ruth marcus documents the thirty year mission by conservatives to win a majority on the supreme court and the lifelong ambition of brett kavanaugh to secure his place in that victory the reporting in supreme ambition is full of revealing and weighty headlines as marcus answers the most pressing questions surrounding this historical moment how did kavanaugh get the nomination was blasey ford s testimony

credible what does his confirmation mean for the future of the court were the democrats outgunned from the start on the way she uncovers secret white house meetings intense lobbying efforts private confrontations on capitol hill and lives forever upended on both coasts this extraordinarily detailed the washington post page turner traces how brett kavanaugh deftly maneuvered to become the nominee and how he quashed resistance from republicans and from a president reluctant to reward a george w bush loyalist it shows a republican party that had concluded kavanaugh was too big to fail with senators and the fbi ignoring potentially devastating evidence against him and it paints a picture of democratic leaders unwilling to engage in the no holds barred partisan warfare that might have defeated the nominee in the tradition of the brethren and the power broker supreme ambition is the definitive account of a pivotal moment in modern history one that will shape the judicial system of america for generations to come

from the dark shadow of civil war to the pastel painted towns of today making ireland irish provides a sweeping account of the evolution of the irish tourist industry over the twentieth century drawing on an extensive array of previously untapped or underused sources eric g e zuelow examines how a small group of tourism advocates inspired by tourist development movements in countries such as france and spain worked tirelessly to convince their irish compatriots that tourism was the secret to ireland s success over time tourism went from being a national joke to a national interest men and women from across irish society joined in eager to help shape their country and culture for visitors eyes the result was ireland as it is depicted today a land of blue skies smiling faces pastel towns natural beauty ancient history and timeless traditions with lucid prose and vivid detail zuelow explains how careful planning transformed irish towns and villages from grey and unattractive to bright and inviting sanitized irish history to avoid offending ireland s largest tourist market the english and supplanted traditional rural fairs revolving around muddy animals and featuring sexually suggestive ceremonies with new family friendly festivals and events filling today s tourist calendar by challenging existing notions that the irish tourist product is either timeless or the consequence of colonialism zuelow demonstrates that the development of tourist imagery and irish national identity was not the result of a handful of elites or a postcolonial legacy but rather the product of an extended discussion that ultimately involved a broad cross section of society both inside and outside ireland tourism he argues played a vital role in making ireland irish
