the sage handbook of historical theory introduces the foundations of modern historical theory and the applications of theory to a full range of sub fields of historical research bringing the reader as up to date as possible with continuing debates and current developments the book is divided into three key parts covering part i foundations the theoretical grounds for knowledge of the past part ii applications theory intensive areas in history part iii coda post postmodernism directions and interrogations this important handbook brings together in one volume discussions of modernity empiricism deconstruction narrative and postmodernity in the continuing evolution of the historical discipline into our post postmodern era chapters are written by leading academics from around the world and cover a wide array of specialized areas of the discipline including social history intellectual history gender memory psychoanalysis and cultural history the influence of major thinkers such as jacques derrida michel foucault and hayden white is fully examined this handbook is an essential resource for practising historians and students of history and will appeal to scholars in related disciplines in the social sciences and humanities who seek a closer understanding of the theoretical foundations of history

this companion provides a wide ranging and up to date overview of the conceptual issues that history as a discipline and mode of thought gives rise to the book offers both historical and systematic treatments of these issues as well as addressing their contemporary relevance structured in three parts modes and schools of historical thought epistemology and metaphysics of history and issues and challenges in historical theory it offers the reader a wide scope and expert treatment of each topic in this vibrant field that can be read in any order an international team of experts both discuss the basis of their topic and present their own view offering the reader a cutting edge contribution while ensuring their chapters are of interest to both students

and specialists in the field of historical theory and engaging with the very nature of historical thought the metaphysics of historical existence the politics of history writing and the intelligibility of the historical process the volume is an indispensable companion to the study of history and essential reading for anyone interested in the reflection on the nature of history and our historical existence

this book is an exploration of science in the making it offers readers the opportunity to critically reflect on the process of development of vygotsky s research program from the perspective of dialectics focusing on the dramatic process of building and rebuilding cultural historical theory vygotsky s creative and dramatic journey is no less important than the concrete results of his research an epistemological and historical investigation of the formulation of cultural historical theory sheds light on the process of knowledge production and reveals hidden dimensions of creativity in science

first published in 1988 routledge is an imprint of taylor francis an informa company

here is an extensive review and bibliographic essay backed by 5 000 citations about developments in information technology since the advent of personal computing and the convergence of the disciplines its focus is on the access preservation and analysis of historical information primarily in electronic form and the relationships between new methodology and instructional media technique and research trends in library special collections digital libraries electronic and data archives and museums

historical method comprises the techniques and guidelines by which historians use primary sources and other evidence including the evidence of archaeology to research and then to write histories in the form of accounts of the past the question of the nature and even the possibility of a sound historical method is raised in the philosophy of history as a question of epistemology the study of historical method and of different ways of writing history is known as historiography this book undertakes historical research and provides invaluable advice and support with methodological analysis history research theory and methods presents a clear practical guide to the study research and writing of history each stage of historical research is covered from the selection of a topic and the organization and evaluation of source material through to the completion of a typescript the book focuses on the study of history provides detailed guidance on research methods and includes comprehensive information on stylistic conventions for presenting historical work

the encyclopedia of historians and historical writing contains over 800 entries ranging from lord acton and anna comnena to howard zinn and from herodotus to simon schama over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like jürgen habermas and clifford geertz whose theoretical contributions have informed historical debate additionally the encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the ancient near east to the history of sexuality in addition to the western tradition it includes substantial assessments of african asian and latin american historians and debates on gender and subaltern studies

has any question about the historical past ever been finally answered of course there is much disagreement among professional historians about what happened in the past and how to explain it but this incisive study goes one step further and brings into question the very ability of historians to gather and communicate genuine knowledge about the past understanding history applies this general question from the philosophy of history to economic history of american slaveholders do we understand the american slaveholders has the last word on the subject been said both the alleged profitability of slavery and the purported causes of the american civil war are philosophically analyzed traditional narrative history and econometric history are examined and compared and their different philosophical assumptions made explicit the problem of justifying historical methodologies is first set in the wider context of the philosophical problem of knowledge then lucidly explained and resolved along pragmatic lines the novelty of gorman s approach lies in its comparison of narrative with econometric history its analysis of empathetic understanding in terms of cost benefit

analysis and its elucidation of the metaphysical presuppositions of empiricism it stands out especially for the clarity rigor and simplicity of its arguments published in english
