humankind has been attempting to answer complex questions for thousands of years is there a god where do we come from is there life somewhere else are we alone who created us is there an afterlife is there hell in the early 1800s over thirty thousand tablets were found in the ancient biblical city of Nineveh that included the Assyrian palace reliefs the library of Ashurbanipal and the Enuma Elish also known as the seven tablets of creation that tell the story of the formation of the world and humanity and of the Anunnaki gods who arrived from the heavens to create the human race in a comprehensive study Sonny Ramirez reveals translations of the findings as well as

new discoveries in a passionate search for the truth about the origins of humankind as he attempts to piece together the anunnaki connection and ultimately discover whether the gods of earth men and nibiru are still with us today anunnaki gods of earth and nibiru share and analyze ancient texts that will encourage others to open their minds imagine the unimaginable and dream of the possibilities that an endless universe can hold

the anunnaki is a legendary race that appears in the oldest documents preserved by mankind they are said to inhabit an outermost planet that orbits our sun in an extremely elliptical orbit each time this planet gets near to the earth it creates planetary cataclysms many researchers claim it will be returning soon the work of zecharia sitchin author of the earth chronicles series of books focuses on the anunnaki and their previous visits many have asked sitchin when will this planet return he never gave an exact date but said it was more than halfway back jason breshears gives an exact year and does so confidently due to his extensive research he delves not only into historical records as sitchin had done but also uses scientific cycles and mathematical formulas that relate to our concepts of planetary time and orbits the historical records chronologically presented by breshears help in identifying cyclical patterns he also employs advanced geometry interprets complex crop circle patterns and uses biblical prophecy in support of some of the astronomical events he has predicted he does not cover much on the mythical aspects of the anunnaki gods themselves but focuses more on the actual sciences that can predict their return ancient stories and carefully documented proof are two different things for these reasons this book is highly recommended

anunnaki false gods extends zecharia sitchin s translations from clay tablets that underlie the bible ten thousand years ago scribes in ancient sumer iraq wrote on these tablets what they said the anunnaki gods tall people from the sky dictated sitchin asked dr lessin to keep public attention on his legacy by creating an educational program the anunnaki are homo sapiens like us but who live hundreds of thousands of years they said they rocketed to iraq 450 000 years ago from a planet called nibiru to harvest gold to send back via mars to nibiru to powder into an atmospheric shield they mined abundant gold in africa until 300 000 years ago their miners mutinied to replace the mutineers anunnaki geneticists created short lived slaves called adamites adapted from their own genome but modified with a bit of clay copper and genes from an intelligent hominoid homo erectus bigfoot s ancestor already living in africa two hundred thousand years ago enki their chief scientist begat a line of earthlings called adapites with two adamite girls fifty thousand years ago enki and an adamite beauty begat noah who carried enki s longevity genes and ruled the iraqi city of sharuppak enki saved noah and many of his subjects from the deluge of 13 000 years ago the anunnaki had noah s people and other flood survivors proliferate and build cities in the middle east and egypt with up to 50 000 inhabitants the anunnaki ruled the new civilizations as gods with descendants of noah s sons as intermediaries the anunnaki gave us the best and the worst of planet wide civilization kings historians taxes temples priests bicameral congresses record keeping law codes library catalogs

our origins as a slave species and the anunnaki legacy in our dna reveals compelling new archaeological and genetic evidence for the engineered origins of the human species first proposed by zecharia sitchin in the 12th planet shows how the anunnaki created us using pieces of their own dna controlling our physical and mental capabilities by inactivating their more advanced dna identifies a recently discovered complex of sophisticated ruins in south africa as the city of the anunnaki leader enki scholars have long believed that the first civilization on earth emerged in sumer some 6 000 years ago however as michael tellinger reveals the sumerians and egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of africa and began with the arrival of the anunnaki more than 200 000 years ago sent to earth in search of life saving gold these ancient anunnaki astronauts from the planet nibiru created the first humans as a slave race to mine gold thus beginning our global traditions of gold obsession slavery and god as dominating master revealing new archaeological and genetic evidence in support of zecharia sitchin s revolutionary

work with pre biblical clay tablets teller shows how the anunnaki created us using pieces of their own dna controlling our physical and mental capabilities by inactivating their more advanced dna which explains why less than 3 percent of our dna is active he identifies a recently discovered complex of sophisticated ruins in south africa complete with thousands of mines as the city of anunnaki leader enki and explains their lost technologies that used the power of sound as a source of energy matching key mythologies of the world s religions to the sumerian clay tablet stories on which they are based he details the actual events behind these tales of direct physical interactions with god concluding with the epic flood a perennial theme of ancient myth that wiped out the anunnaki mining operations teller shows that as humanity awakens to the truth about our origins we can overcome our programmed animalistic and slave like nature tap in to our dormant anunnaki dna and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving god of our universe

the companion volume to the earth chronicles series that reveals the identity of mankind s ancient gods explains why these gods from nibiru the anunnaki genetically engineered homo sapiens gave earthlings civilization and promised to return 30 000 sold in hardcover zecharia sitchin s bestselling series the earth chronicles provided humanity s side of the story concerning our origins at the hands of the anunnaki those who from heaven to earth came in the lost book of enki we now view this saga from the perspective of lord enki an anunnaki leader revered in antiquity as a god who tells the story of these extraterrestrials arrival on earth from the planet nibiru in his previous works sitchin compiled the complete story of the anunnaki s impact on human civilization from fragments scattered throughout sumerian akkadian babylonian

assyrian hittite egyptian canaanite and hebrew sources missing from these accounts however was the perspective of the anunnaki themselves what was life like on their own planet what motives propelled them to settle on earth and what drove them from their new home convinced of the existence of a lost book that held the answers to these questions the author began his search for evidence through exhaustive research of primary sources he has here re created tales as the memoirs of enki the leader of these first astronauts what takes shape is the story of a world of mounting tensions deep rivalries and sophisticated scientific knowledge that is only today being confirmed an epic tale of gods and men unfolds challenging every assumption we hold about our past and our future

in the shadowed archives of the ashmolean museum in oxford where the air is filtered to protect relics older than history itself a sun baked tablet fragment rests behind glass its catalog number ao 4317 barely noted by visitors its surface is scored with the delicate wedges of an ancient scribe s hand and though time has pitted the clay the marks speak with a voice that has traveled five thousand years it was here that ryan moorhen in what he later described as the quietest hour before closing pressed his face close to the display and deciphered a line that would change his understanding of humanity s origins from the firmament they descended the lords of bright metal came to the lowland sea seeking the treasures hidden in the bones of the earth moorhen would later write that the term rendered as bright metal ku gi did not simply mean gold but a sumerian compound denoting all metals of celestial value gold platinum osmium iridium monazite ores to the annunaki he declared in his 2019 lecture at the penn museum earth was not an eden it was a mine half a continent away deep within the climate controlled vaults of the louvre museum in paris ishmael ningishzida ran his gloved fingers over the cool surface of ao 11876 a basalt fragment catalogued as a royal hymn to anu yet in the shifting glow of the archival lamps ningishzida traced a different story not a hymn but a logistical directive preserved as worship anu spoke to enlil the ship shall be readied its wings folded for the long path you shall land in the marsh of eridu and with enki set the measure of the deep shafts that the stones of the earth be brought to the sky in ningishzida s translation the abzu was not a mythical abyss but a mineral rich zone in the african interior perhaps the bushveld igneous complex the richest platinum source on the planet at the british museum moorhen discovered another piece of the puzzle in tablet bm 92687 excavated at sippar long classified as part of an astronomical omen series the main inscription spoke of star risings but in the tablet s margin so faint that it had escaped decades of scholarship was a side note from the original scribe when the red star comes again to the crossing the lords of the sky shall return to claim the dust of kings for moorhen the red star was nibiru the dust of kings was refined ore stockpiled for celestial transport at the penn museum ningishzida stood before e 3215 a tablet from nippur depicting ninurta triumphant atop what was long thought to be a stylized mountain it is no mountain ningishzida told the 2021 symposium on ancient technologies it is a stepped extraction pit with sluice channels tools and a conveyance system the god is not a warrior here he is an engineer overseeing an ore refinery between them moorhen and ningishzida pieced together what orthodox assyriology had resisted for over a

century that the cuneiform record is not allegory but a preserved industrial logbook of a planetary mission surveying worlds building waystations on mars and its moons and digging into earth s crust to remove the metals their home world demanded as ningishzida would tell a closed gathering of independent researchers the gods came for the same reason we send missions to asteroids today to mine only they had the technology to carry their cargo in tons not grams

the sumerian celestial object nibiru signified the deity marduk the name is of akkadian origin and means crossroads or transition point the vast majority of babylonian literature relates it to jupiter in tablet 5 of the enuma elish the pole star at the time may have been thuban or kochab ursa minor the term nibiru is taken from 5 000 year old sumerian literature and cuneiform tablets the sumerian civilization flourished in the fertile regions between the euphrates and tigris rivers in the southern area of modern day iraq its cuneiform symbol was often a cross or a variety of winged discs nibiru is often referred to as the planet of the crossing in the reconstruction of tablet v of the enuma elish by landsberger and kinnier wilson the term pole star is rendered as ni bi ri it has several variations such as ni bi ru and ni bi a na landsberger and kinnier wilson think it alludes to a permanent point in the skies since it is contrasted with the term itebbiru which signifies who previously crossed tablet v's referenced translation uses the phrase polar star despite substantial evidence that neberu was a planet in the late eras either jupiter or mercury according to the authors remarks according to the discoveries of ancient astronomers nibiru is an actual planet or brown dwarf inside our solar system established scientific organizations in astronomy and archaeology consider these hypotheses pseudoscience or fringe science according to sumerian cosmology the twelfth planet in the solar system was nibiru which includes 10 planets the sun and the moon the earth the asteroid belt and the moon would have originated due to a catastrophic collision between the planet and tiamat a planet between mars and jupiter this was caused by a collision between one of nibiru's host satellites and tiamat which created significant rifts in the pacific ocean's crust and left half a planet resembling modern pangea our present notion of all continents as one land mass it was previously believed that such massive celestial bodies could not crash due to the magnetic field's strength however the discovery of the orpheus theory and the modeling of a collision between two earth sized objects have breathed fresh life into this theory

in the dawn of civilization when gods walked among men a secret unfolded that would shape the fate of humanity forever from the distant world of nibiru the anunnaki arrived on earth beings of immense power and wisdom they did not create life but they guided it accelerating evolution and gifting humanity knowledge law and the spark of the divine yet ambition conflict and pride tore their world apart leading to war the great flood and a choice that would forever echo across time the echo of nibiru is a sweeping tale of creation power and legacy a masterful fusion of sumerian mythology speculative science and profound theological reflection it is the story of gods men

and the eternal witness of the creator

examines the anunnaki gods evolving relationships with humanity their power struggles and the details of their nuclear war on earth analyzes the crisis and rationale behind the anunnaki decision to nuke 5 cities in the jordan plain resulting in the obliteration of sumerian civilization draws upon the work of zecharia sitchin the book of genesis sumerian clay tablets and archaeological evidence such as ancient radioactive skeletons examines the anunnakis lack of higher consciousness their reliance on technology their sacred power objects and sacred geometry and the possibility of anunnaki bases on mars in the distant past the detonation of nuclear weapons in the 20th century was not the first time humanity has seen such terrible destruction drawing upon the work of zecharia sitchin the book of genesis sumerian clay tablets and archaeological evidence such as ancient radioactive skeletons chris hardy reveals the ancient nuclear event that destroyed the sumerian civilization and the power struggles of the gods that led up to it the author explains how the anunnaki came to earth from the planet nibiru seeking gold to repair their ozone layer using genetic engineering they created modern humanity to do their mining work and installed themselves as our kings and our gods anunnaki god enki had a fatherly relationship with the first two humans then enlil enki's brother took over as commander of earth instating a sole god theocracy and a war against the clan of enki and humanity for spoiling

the anunnaki bloodlines through interbreeding this shift imposed a blackout not only of the very human nature of the anunnaki gods but also of humanity's own ancient past on earth two of enlil's attacks against the enki clan and humanity are described in the stories of the deluge and the tower of babel his final attempt after coercing the assembly of the gods into voting yes was the nuclear bombing of 5 cities of the jordan plain including sodom and gomorrah which resulted in the destruction of the sumerian civilization and the anunnakis own civilization on earth including their space port in the sinai the author reveals how after each attempt humanity was saved by enki chief scientist ninmah and enki's son hermes the author explores how the anunnakis reliance on technology and their recurrent wars caused them to lose touch with cosmic consciousness and she reveals how we will be doomed to repeat this dynamic until humanity awakens to our true origins
