criminal law offers a unique hybrid approach to learning criminal law most textbooks oversimplify the law by presenting the black letter law for major and defenses but they rarely present any corresponding exploration of the gray areas that exist beyond the basic rules of law conversely casebooks present numerous edited judicial opinions often with context criminal law takes the best from each of these approaches by merging textual pedagogy and case analyses into a coherent framework that includes legal history social context and public policy taking a historical approach legal expert henry f fradella presents the law as it evolved from english common law and compares it with the modern statutory approach to crimes set forth in the american law institute s highly influential model penal code after providing such comparative pedagogy for each crime or defense criminal law presents 1 2 edited cases that allow the reader to contrast how the black letter law plays out in the real world after each case a series of questions challenge students to engage in critical thinking about the case and its implications as precedent finally chapters contain a number of additional pedagogical features that focus on public policy concerns and statutory interpretation skills using penal laws from a variety of u s states

this new text provides an overview of the origin and development of the american criminal justice system from the arrival of the first settlers during the colonial period into the twenty first century systematically organized each chapter begins with an overview of the political economic social and cultural forces that shaped society within each time period

the authors then present a history of ordinary crime as well as extraordinary high profile criminal acts the authors use this discussion of historical context and crime as a foundation to describe and analyze the development and impact of police law courts corrections and juvenile justice

this guide was developed to assist students professors executives of local criminal justice systems and appointed and elected officials of general government to have a better understanding on how the criminal justice system should function it may also be of special interest to citizens and public officials who sense that more collaboration and coordination is needed to enhance criminal justice decision making which in turn will have a positive impact on local criminal justice systems leslie j smith advocates that the performance of the criminal justice system should be measured in terms of achieving the goals and objectives of each component collectively although the legislative judicial and executive branches of the u s government are constitutionally independent and not required to engage in any coordinated planning activities these requirements should not lead to poor performance it is essential to promote positive government through increased collaboration by identifying philosophical principles that will promote the participation of citizens law enforcement judiciary prosecution corrections victims treatment providers and educators in the development of strategies to prevent reduce and control crime there are approximately twenty states throughout the united states that have fostered criminal justice collaborations of this type the key to accomplishing this objective is effective leadership this approach is growing in popularity and this book will assist in the further development of this strategy this guide provides a step by step strategy that simplifies the aforementioned issues it will be especially advantageous for newly appointed criminal coordinators planners and others that are charged with creating a hands on approach to coordinating their local criminal justice processes above all as criminal justice presses forward to the future the guide will assist in bridging the gap between traditional and contemporary approaches to criminal justice plann

although criminal justice systems in developed western countries are much alike in form structure and function the american system is unique while it is structurally similar to those of other western countries the punishments it imposes are often vastly harsher no other western country retains capital punishment or regularly employs life without parole three strikes or lengthy mandatory minimum sentencing laws as a result the u s imprisonment rate of nearly 800 per 100 000 residents dwarfs rates elsewhere the oxford handbook of crime and criminal justice is an essential guide to the development and operation of the american criminal justice system a leading scholar in the field and an experienced editor michael tonry has brought together a team of first rate scholars to provide an authoritative and comprehensive overview and introduction to this crucial institution expertly organized the various sections of the handbook explore the american

criminal justice system from a variety of perspectives including its purposes functions problems and priorities and present analyses of police and policing juvenile justice prosecution and sentencing and community and institutional corrections making it a complete and unrivaled portrait of how america approaches crime and criminal justice and giving persuasive answers as to why and how it has developed to what it is today accessibly written for a wide audience the handbook serves as a definitive reference for scholars and a broad survey for students in criminology and criminal justice

out of control criminal justice shows that our system of criminal justice is broken it is out of control the author writes that a research based strategy is needed that builds on the insights of those who work within criminal justice or are affected by it such a strategy must entail continuous evaluation and improvement so that what works can be expanded and what does not can be eliminated out of control criminal justice identifies how systems problems plague our criminal justice systems it then presents a comprehensive strategy for bringing these systems under control to reduce crime to increase justice and accountability and to do so at less cost the strategy can be used too to create greater responsiveness to victims and communities effectiveness in reducing racial and ethnic disparities and understanding of the causes and consequences of crime after describing this new approach the book identifies the tools needed to implement a systems solution to create a safer and more just society
