the addictions treatment field is reaching a tipping point that is revolutionizing the ways that behavioral health leaders think about people with alcohol and other drug problemsand how services and systems are developed recovery management recovery oriented systems of care contains six monographs by renowned recovery advocate william I while and

colleagues these monographs provide insight and analysis of the topics important to today's addiction counselors and recovery coaches recovery oriented systems of care recovery management peer based recovery services and treating addiction as a chronic condition that requires ongoing management

research suggests that as many as a quarter of all undergraduate students may find themselves on academic probation during their collegiate years if students on probation choose to return to their institutions the semester following notification they find themselves in a unique transitional period between poor academic performance and either dismissal or recovery effectively supporting students through this transition may help to decrease equity gaps in higher education as recent literature implies the same demographic factors that affect students retention and persistence rates e.g. gender race and ethnicity age also affect the rate at which students find themselves on academic probation this book serves as a resource for practitioners and institutional leaders the volume presents a variety of interventions and institutional strategies for supporting the developmental and emotional needs of students on probation in the first year and beyond the chapters in this book are the result of years of dedication and passion for supporting students on probation by the individual chapter authors while the chapters reflect a culmination of combined decades of personal experiences and education collectively they amount to the beginning of a conversation long past due scholarship on the impact of academic recovery models on student success and persistence is limited historically attention and resources have been directed toward establishing and strengthening the first year experience sophomore programs and student success efforts to prevent students from ending up on academic probation however a focus on preventative measures without a consideration of academic recovery program design considering the successes of these programs is futile this volume should be of interest to academics and practitioners focused on creating or refining institutional policies and interventions for students on academic probation the aim is to provide readers with the language tools and theoretical points of view to advocate for and to design reform and or execute high quality integrated academic recovery programs on campus historically students on probation have been an understudied and underserved population and this volume serves as a call to action

bandwidth recovery explores how students cognitive resources are diminished by persistent economic insecurity childhood trauma and marginalization while offering strategies and interventions to help learners regain the bandwidth they need to succeed in college when college students feel like they don't belong or are fearful uncertain or otherwise prevented from being their authentic selves much of the mental bandwidth needed for learning is not available when they are food insecure financially unstable or coping with the

effects of childhood trauma cognitive capacity is likewise diminished beginning with analysis of the most up to date research on the mental and physical impact of poverty racism and other forms of social marginalization cia verschelden presents vetted approaches for promoting a growth mindset and self efficacy in students readers will learn to develop supports that build upon students values and prior knowledge with the goal of creating a sense of belonging and community both in and out of the classroom new to this edition are updated terminology and discussions of neurodiversity childhood trauma economic inequality and the ongoing effects of the covid pandemic this book is intended for all higher education faculty student affairs professionals administrators and scholars interested in creating learning environments where every student has the chance to succeed

equity recovery higher education in the post pandemic era explores the critical challenges and innovative strategies for achieving inclusivity in higher education following the pandemic this comprehensive collection of scholarly contributions from the 2023 8th global higher education forum brings together diverse perspectives from experts across academia policy and industry the ten insightful chapters delve into pressing issues such as the digital divide economic hardships and the need for enhanced mental health services all while advocating for equitable access to education the book offers actionable recommendations for governments and institutions to widen participation including merit based financial aid and inclusive vocational training initiatives by addressing systemic disparities it seeks to foster a more just society where every student regardless of background can thrive essential reading for educators policymakers and stakeholders this volume illuminates the path toward a more equitable and inclusive future in higher education
