From *All the President's Men* to *Zodiac*, some of the most compelling films of the last century have featured depictions of journalists in action. While print journalism struggles to survive, the emergence of news from social media outlets continues to expand, allowing the world to be kept informed on a second-by-second basis despite attacks on journalists both verbal and physical. A free press remains a crucial bastion for civilized society, and just as the daily news reflects the current state of affairs, films about journalism represent how reporting has evolved over the last few centuries. *Encyclopedia of Journalists on Film*, Richard R. Ness, provides a comprehensive examination of the fourth estate in cinema, from newspaper reporters to today's cyber journalists. In this volume, Ness provides in-depth descriptions and analyses of more than five hundred significant films from the silent era to the present, including international productions and made-for-television movies. The entries focus on the image of the press on screen and ethical issues or concerns raised about the practices of the profession. Collectively, the entries demonstrate that there is a recognizable genre of journalism films with definable plot patterns and iconography. Each entry features major credits, including directors, writers, and producers; a list of characters and the actors who portray them; a running time; a plot synopsis; an analysis of the role of journalism; many of the entries feature critical reviews as well as cogent selections of dialogue. Films discussed here include comedies such as *His Girl Friday* (1940), nail-biting thrillers like *Foreign Correspondent* (1940) and *The Parallax View* (1974), social commentaries like *Network* (1976) and *The China Syndrome* (1979), dramas like *Citizen Kane* (1941) and *The Post* (2017), and of course Academy Award winners *All the President's Men* (1976) and *Spotlight* (2015). A definitive study of a film genre, *Encyclopedia of Journalists on Film* will be of interest to film scholars, researchers, journalists, and students of popular culture.
