the lie is an illicit yet surprisingly searching novel one that reaches into the craven inner workings of some of the most depraved minds in america college students

an introduction to symmetry analysis for graduate students in science engineering and applied mathematics

leanna thinks she s doing the right thing when she encourages her best friend jenny to try out for the high school tennis team but when jenny makes a complete fool of herself at tryouts leanna regrets her words so when leanna is given the opportunity to live the day over again she thinks she knows what to do but will being honest with her friend be a better choice or will she find herself wishing she hadn t changed her mind

every teacher every student of history every citizen should read this book it is both a refreshing antidote to what has passed for history in our educational system and a one volume education in itself howard zinn a new edition of the national bestseller and american book award winner with a new preface by the author since its first publication in 1995 lies my teacher told me has become one of the most important and successful history books of our time having sold nearly two million copies the book also won an american book award and the oliver cromwell cox award for distinguished anti racist scholarship and was heralded on the front page of the new york times for this new edition loewen has added a new preface that shows how inadequate history courses in high school help produce adult americans who think donald trump can solve their problems and calls out academic historians for abandoning the concept of truth in a misguided effort to be objective what started out as a survey of the twelve leading american history textbooks has ended up being what the san francisco chronicle calls an extremely convincing plea for truth in education in lies my teacher told me james w loewen brings history alive in all its complexity and ambiguity beginning with pre columbian history and ranging over characters and events as diverse as reconstruction helen keller the first thanksgiving the my lai massacre 9 11 and the iraq war loewen offers an eye opening critique of existing textbooks and a wonderful retelling of american history as it should and could be taught to american students

criticizes the way history is presented in current textbooks and suggests a more accurate approach to teaching american history

winner of the national business book award from the new york times bestselling author of the organized mind and this is your brain on music a primer to the critical thinking that is more necessary now than ever we are bombarded with more information each day than our brains can process especially in election season it s raining bad data half truths and even outright lies new york times bestselling author daniel j levitin shows how to recognize misleading announcements statistics graphs and written reports revealing the ways lying weasels can use them it s becoming harder to separate the wheat from the digital chaff how do we distinguish misinformation pseudo facts and distortions from reliable information levitin groups his field guide into two categories statistical information and faulty arguments ultimately showing how science is the bedrock of critical thinking infoliteracy means understanding that there are hierarchies of source quality and bias that variously distort our information feeds via every media channel including social media we may expect newspapers bloggers the government and wikipedia to be factually and logically correct but they so often aren t we need to think critically about the words and numbers we encounter if we want to be successful at work at play and in making the most of our lives this means checking the plausibility and reasoning not passively accepting information repeating it and making decisions based on it readers learn to avoid the extremes of passive gullibility and cynical rejection levitin s charming entertaining accessible
