publications it shows how marginal groups developed their own journalism to counter the prejudices and misconceptions of the white establishment press the essays address the important questions of freedom of expression in religious matters as well as the domains of race and gender

at the close of the twentieth century the stereotyping and demonization of others whether on religious nationalist racist or political grounds has become a burning issue yet comparatively little attention has been paid to how and why we fabricate images of the other as an enemy or demon to be destroyed this innovative book fills that gap through an interdisciplinary cross cultural approach that brings together a distinguished array of historians anthropologists psychologists literary critics and feminists the historical sweep covers greco roman antiquity the middle ages and the modern era antisemitism receives special attention because of its longevity and centrality to the holocaust but it is analyzed here within the much broader framework of racism and xenophobia the plurality of viewpoints expressed in this volume provide fascinating insights into what is common and what is unique to the many varieties of prejudice stereotyping demonization and hatred

considers the family of origin approach to the psychiatric counselling of adults in marital family and individual therapy the text discusses theoretical and clinical implications and provides three case studies to illustrate the application of this method

education is useless because it destroys our common sense because it isolates us from the rest of humanity because it hardens our hearts and swells our heads bookish persons have long been subjects of suspicion and contempt and nowhere more so perhaps than in the united states during the past twenty years critics of education point to the nazism of martin heidegger for example to assert the inhumanity of highly learned people they contend that an oppressive form of identity politics has taken over the academy and complain that the art world has been overrun by culturally privileged elitists there are always it seems far more reasons to disparage the ivory tower than to honor it the uselessness of education particularly in the humanities is a pervasive theme in western cultural

history with wit and precision why education is useless engages those who attack learning by focusing on topics such as the nature of humanity love beauty and identity as well as academic scandals identity politics multiculturalism and the corporatization of academe asserting that hostility toward education cannot be dismissed as the reaction of barbarians fools and nihilists daniel cottom brings a fresh perspective to all these topics while still making the debates about them comprehensible to those who are not academic insiders a brilliant and provocative work of cultural argument and analysis why education is useless brings in materials from literature philosophy art film and other fields and proceeds from the assumption that hostility to education is an extremely complex phenomenon both historically and in contemporary american life according to cottom we must understand the perdurable appeal of this antagonism if we are to have any chance of recognizing its manifestations and countering them ranging in reference from montaigne to george bush from sappho to timothy mcveigh why education is useless is a lively investigation of a notion that has persisted from antiquity through the renaissance and into the modern era when the debate over the relative advantages of a liberal and a useful education first arose facing head on the conception of utility articulated in the nineteenth century by john stuart mill and directly opposing the hostile conceptions of inutility that have been popularized in recent decades by such ideologues as allan bloom harold bloom and john ellis cottom contends that education must indeed be useless if it is to be worthy of its name
