this book by american historian william o aydelotte deals with the first chapter in the history of the german colonial empire the dispute between germany and england over south west africa during the years 1883 85 since south west africa was the first german colony its history shows most clearly the reactions and readjustments both in british and german policy which were the consequence of the german colonial program the incident also brings into relief several great political trends of the late nineteenth century the growth of imperialism in germany and in england the conflict in the latter country between the different systems of colonial thought the diplomatic problem of conducting negotiations between a democratic and an autocratic state and the causes and results of these two different methods of diplomacy above all the story furnishes a superb illustration of bismarck s diplomatic technique because of its special importance the south west african controversy is treated in some detail the attempt has been made to present not a general survey of the period but a description of specific events at the same time the german colonial question is closely bound up with other circumstances and it has been necessary to go well outside the bare details of the negotiations in order to explain all the influences at work on british and german policy for this reason a good deal of space has been given in the first two chapters to the colonial and political background in both england and germany and especially to the way in which this background affected the men in office in 1883 85 on the other hand less attention has been given to those subjects which have been adequately discussed elsewhere full consideration has however been given to the egyptian problem and the general diplomatic situation both in the narrative and in the conclusions

this book contains revised selected papers from the 27th international conference on selected areas in cryptography sac 2020 held in halifax nova scotia canada in october 2020 the 27 full papers presented in this volume were carefully reviewed and selected from 52 submissions they cover the following research areas design and analysis of symmetric key primitives and cryptosystems including block and stream ciphers hash functions mac algorithms and authenticated encryption schemes efficient implementations of symmetric and public key algorithms mathematical and algorithmic aspects of applied cryptology and secure elections and related cryptographic constructions

in december 1572 the mughal emperor akbar arrived in the port city of khambayat having been raised in distant kabul akbar in his thirty years had never been to the ocean presumably anxious with the news about the mughal military campaign in gujarat several portuguese merchants in khambayat rushed to akbar s presence this encounter marked the beginning of a long complex and unequal relationship between a continental muslim empire that was expanding into south india often looking

back to central asia and a european christian maritime empire whose rulers considered themselves kings of the sea by the middle of the seventeenth century these two empires faced each other across thousands of kilometres from sind to bijapur with a supplementary eastern arm in faraway bengal focusing on borderland management imperial projects and cross cultural circulation this volume delves into the ways in which between c 1570 and c 1640 the portuguese understood and dealt with their undesirably close neighbours the mughals

today consumers of video games spend over 22 4 billion each year using more complex and multi layered strategies game developers attempt to extend the profitability of their products from a simple one time sale to continuous engagement with the consumer the evolution and social impact of video game economics examines paradigmatic changes in the economic structure of the video game industry from a media effects and game design perspective this book explores how game developers have changed how they engage players in order to facilitate continuous financial transactions contributors look from the advent of microtransactions and downloadable content dlcs to the impact of planned obsolescence impulse buying and emotional control this collection takes a broad view of the game dynamics and market forces that drive the video game industry and features international contributors from asia europe and australia

this book constitutes selected papers from the 23rd international conference on information security and cryptology icisc 2020 held in seoul south korea in december 2020 due to the covid 19 the confere was held online the total of 15 papers presented in this volume were carefully reviewed and selected from 51 submissions the aim of this conference was to provide an international forum for the latest results of research development and applications within the field of information security and cryptology
