decoding homes and houses uses a computer based method of analysis to explore the relation between the design and layout of traditional vernacular speculative and architect designed houses and people s evolving tastes lifestyles habits and domestic routines its purpose is to show how it is possible to explore the relation between house form and culture by looking at the social information that is crystallized in the layouts of the houses themselves as opposed to asking people how they respond to them

this volume in the nearby history series helps the reader document the history of a home the reader will learn to examine written records oral testimonies visual sources and the house s surroundings the author covers american housing patterns the individual characteristics of

houses in different regions construction techniques and materials household technology and family life styles houses and homes is volume 2 in the nearby history series

a rich narrative that blends social commentary with incisive reporting house lust offers an astute funny and sometimes disturbing portrait of the behaviors that drove the greatest real estate boom in history and its eventual bust owning a home has long been considered the fulfillment of the american dream but in the last decade as the real estate market boomed americans fascination with homes turned into a frenzy everywhere we turned people were talking about scheming over envying shopping for refinancing or just plain ogling houses in the process we ve transformed shelter from a basic necessity into an all consuming passion in house lust newsweek s daniel mcginn travels the country to explore the roots of this mania even as the real estate boom has turned to bust americans remain obsessed with houses many of us are still trading up adding on or doubling down to buy vacation property but for others this zeal for housing has carried a painful price one that s evident in the soaring foreclosure rates and mounting despair as millions of homeowners and their lenders realize they ve stretched too far to buy the home of their dreams in a compelling narrative that takes us inside the homes and psyches of the house lust afflicted throughout the nation mcginn examines the forces that turned housing into the talk of dinner parties he explores the arms race for square footage and introduces readers to a menagerie of characters from the real estate world from renovation psychologists who treat remodeling addled clients to a guy who trades vacation time shares the way kids trade baseball cards mcginn also jumps into the fray himself by enrolling in real estate school and buying an investment property sight unseen over the internet house lust shows us just how contagious the ideal of owning the best home on the block can be and as the real estate boom recedes into memory mcginn offers cautionary tales to help us curb our lust when prices start rising again

the treasures of american heritage showcased in this volume include such masterpieces as colonial williamsburg s governor s palace george washington s mt vernon thomas jefferson s monticello robert e lee s arlington house and stratford hall plantation all presented in new photography commissioned for this book architecture

the world is full of houses big houses and little houses houses that stay in one place and houses that move from place to place some houses are made of wood or stone others are made from mud or straw but all of them are made for families to live in

master of the cut and paste art technique giles laroche takes readers on a storytelling journey around the world that celebrates the diversity of homes and the people who are shaped by them step into unique homes from around the world and discover the many fascinating ways in which people live and have lived if you lived in the mountains of southern spain your bedroom might be carved out of a mountain if you lived in a village in south africa the outside of your house might tell the story of your family and if you lived in a floating green house in the netherlands you could rotate your house to watch both the sunrise and sunset with intricate bas relief collages giles laroche uncovers the reason why each home was constructed the way in which it was then lets us imagine what it would be like to live in homes so different from our own showing the tremendous variety of dwellings worldwide log cabins houses on stilts cave dwellings boathouses and yurts this book addresses why each house is build the way that it is reasons such as blending into the landscape confusing invaders being able to travel with one s home using whatever materials are at hand are as varied as the homes themselves list of houses included dogtrot log house based on dogtrots built in the southern u s chalet based on chalets built in the austrian alps pueblo taos new mexico connected barn based on connected barns common in northern new england cave dwelling guadix andalucia spain palafitos house on stilts chiloe island chile palazzo dario venice italy chateau la brede bordeaux france tulou hangkeng village yongding china half timbered houses miltenberg am main germany greek island village houses astipalaia island greece decorated houses of ndebele pretoria transvaal south africa yurt based on yurts in mongolia and other parts of central asia airstream trailer usa floating house middleburg the netherlands tree house usa

many of the historic houses in and around the town of victoria texas were built between 1875 and 1910 by immigrant owners from 1973 to 1975 with the support of a grant from the national endowment for the arts rick gardner traveled throughout the region taking photographs of these historic homes gardner relied on his own instincts and guidance from knowledgeable locals as to where he should aim his lens this book is an appreciative glimpse at what these vernacular houses looked like a century after their construction gardner has teamed up with victoria historian and preservationist gary dunnam to present these rich images along with brief historical sketches of the houses and where possible the persons who occupied them when they were newly constructed the result is an understated and elegant suggestion of what life may have been like for the merchants bankers

agriculturalists and others who built and lived in these homes during the late nineteenth and early twentieth centuries designed to appeal to those with a love for old houses and especially for the preservation of historic structures all the houses were painted white offers its readers a stately appreciation of these homes and their place in the south texas landscape it is also a tribute to the architects owners and anonymous craftspeople who built the houses to their vision skill ingenuity imagination creativity and endurance
