most of the self development advice nowadays is superficial they don t induce a character change that would make you a better person they focus only on the surface behaviors that we think are great we re not rewarded for being good we re rewarded for appearing good for instance self esteem isn t built by wearing nice clothes it s built when you shift the way you look at yourself the simple notion of not changing anything around

you but changing what is within you first this book is here to emphasize this fact and take it even further it explains the process of change how it looks like how it feels like what it takes and what to do exactly it's the kind of book that you'll love because it helps and you'll hate at the same time because it challenges some of the basic ideas we all have about change improvement and development it's a good read for those who are starting their self development process and it's more valuable to those who are stuck in their self development journey and feel like there is nowhere to go no bullshit no lies a realistic paint of the development journey deep fundamental changes instead of superficial tips here's how advice that's based on many famous therapies that have been proven to work research though research is always developing some findings are continuously being proved to be correct philosophies helpful and wise ideas adopted from smart and wise people and hard learned lessons well mostly my own failures no quick fixes no easy fixes some pages might hurt you but they'll definitely help you using the 4 phases change formula it'll show you the entire road that's ahead of you and what to expect so that you can prepare yourself for your journey like a map that will show you where you are where you want to go and how the road looks like and of course which roads to take shortcuts non included testimonial the art of change really lays the foundation for self development there are loads of books out there that explain to you what should change and why but none that give the underlying principle of changing who you are as the aoc does mosab's ideas strengthen the resolve and wisdom for people familiar with self development but for people just starting to take change seriously it shares a great framework to start with i would recommend it to anyone willing to become the best self they can be timon founder of techlecticism com aoc is a spectacular book it helped me know what awareness means and why it's extremely important i've never come across a book that talks about self awareness this extensively or explains it in simple way there are topics in the book that i think are very important but they're either not mentioned at all by other writers or covered poorly mosab has done a great job by shedding a light on those topics and explaining them in a very simple way that's so easy to understand the cave metaphor the sacrifice principle and the part about facing yourself to mention but a few i recommend this book to those who are just starting their journey toward change and self development and also i recommend it to those who are like me in the middle of their journey and need something fresh to keep them going i think there's something missing in the self development books and mosab figured it out and put in our hands hadeel in simple words aoc helped me look at my life in a different way it helped me know what i'm doing wrong and at the same time it gave me the emotional drive there's an entire chapter about this to start doing something about my situation for the first time m moatsim
