this reader reveals how food habits and beliefs both present a microcosm of any culture and contribute to our understanding of human behaviour particular attention is given to how men and women define themselves differently through food choices

cultural subjects a popular culture reader is a brand new collection of 22 readings by well known international scholars in various areas of cultural studies recognizing that pop culture is a global phenomenon it features canadian selections alongside classic writings in the field prefaced by student friendly introductions

with groundbreaking contributions by marshall mcluhan oliver sacks italo calvino and alain corbin among others empire of the senses overturns linguistic and textual models of interpretation and places sensory experience at the forefront of cultural analysis the senses are gateways of knowledge instruments of power sources of pleasure and pain and they are subject to dramatically different constructions in different societies and periods empire of the senses charts the new terrains opened up by the sensual revolution in scholarship as it takes the reader into the sensory worlds of the medieval witch and the postmodern mall a japanese tea ceremony and a boston shelter for the homeless this compelling revisioning of history and cultural studies sparkles with wit and insight and is destined to become a landmark in the field

designed to offer an appealing anthology where there is an increased interest in connections between and among cultures across cultures strives to promote understanding of diverse cultures among students the book advocates acceptance of a diversity of voices while suggesting ways to probe the correspondences interrelationships and mutual benefits of that diversity the selections cover a great variety of cultural facets both in the readings and selected visuals that appear at the end of each chapter throughout the text students are encouraged to draw connections between and among readings through correspondence questions that accompany each selection thus developing their critical thinking skills

the new 4th edition of john storey s successful reader in cultural theory and popular culture is a companion volume to cultural theory and popular culture an introduction now in its 5th edition the reader offers students the opportunity to experience at first hand the theorists and critics discussed in cultural theory and popular culture an introduction it can be used both in conjunction with and independently of the textbook taken as a whole the reader provides a theoretical analytical and historical introduction to the study of popular culture and provides key primary coverage of fundamental issues in cultural studies new to this edition 4 new readings stuart hall what is this black in black popular culture amir saeed musical jihad neil perryman dr who and the convergence of media jim collins genericity in the nineties fully revised general and section introductions from

the editor contextualising and linking the readings with key issues from the textbook full updated bibliography the new edition is essential reading for undergraduate and postgraduate students of cultural studies media studies communication studies the sociology of culture popular culture and other related subjects

this is a collection of 60 texts on the cultural aspects frameworks and perceptions of cities reflecting the concerns for diversity and difference rather than conventional notions of universality

the nineteenth century is central to contemporary discussions of visual culture this reader brings together key writings on the period exploring such topics as photographs exhibitions and advertising

the first edition of the auditory culture reader offered an introduction to both classical and recent work on auditory culture laying the foundations for new academic research in sound studies today interest and research on sound thrives across disciplines such as music anthropology geography sociology and cultural studies as well as within the new interdisciplinary sphere of sound studies itself this second edition reflects on the changes to the field since the first edition and offers a vast amount of new content a user friendly organization which highlights key themes and concepts and a methodologies section which addresses practical questions for students setting out on auditory explorations all essays are accessible to non experts and encompass scholarship from leading figures in the field discussing issues relating to sound and listening from the broadest set of interdisciplinary perspectives inspiring students and researchers attentive to sound in their work newly commissioned and classical excerpts bring urban research and ethnography alive with sensory case studies that open up a world beyond the visual this book is core reading for all courses that cover the role of sound in culture within sound studies anthropology sociology cultural studies history media studies and urban geography

book reading often seems to function as a barometer of cultural vitality for those who wish to argue that we live in a dumbed down age the alleged decline in book reading often becomes the benchmark of falling cultural standards although pessimistic critics and commentators may shout that the time of the book is over as they have since the fifteenth century millions of readers worldwide are not listening to them despite the allure of television and the internet book reading remains a popular activity however despite the huge global audiences for books it is surprising that the complexity of everyday book culture is not readily comprehended to the apparently simple and perennial question what do people do with books this research offers a sophisticated response that goes beyond the narrow perception that reading is solely the consumption of narrative it combines a number of different academic approaches cultural geography and sociology literary and cultural studies and cultural history in order to better understand the complex nature of readers everyday encounters with their books through the use of an ethnographic method which grounds the analysis firmly in the experience of real embodied readers this work reveals the rich textures of everyday

reading culture it demonstrates how seemingly mundane acts of popular reading are in fact complex performances enabled and curtailed simultaneously by three cultural economies the spatio temporal the social and the textual while the consumption of narrative often thought to be an entirely adequate definition of reading remains significant it is only a single element in an everyday reading practice that is as this book shows anything but ordinary

for as long as people have developed new technologies there has been debate over the purposes shape and potential for their use in this exciting collection a range of contributors including sherry turkle lynn spigel john perry barlow langdon winner david nye and lord asa briggs discuss the visions that have shaped new technologies and the cultural implications of technological adaptation focusing on issues such as the nature of prediction community citizenship consumption and the nation as well as the metaphors that have shaped public debates about technology the authors examine innovations past and present from the telegraph and the portable television to the internet to better understand how our visions and imagination have shaped the meaning and use of technology author note marita sturken is associate professor in the annenberg school for communication at the university of southern california and the author of tangled memories the vietnam war the aids epidemic and the politics of remembering and practices of looking an introduction to visual culture with lisa cartwright douglas thomas is associate professor in the annenberg school for communication at the university of southern california he is author of three books most recently hacker culture sandra ball rokeach is a professor and director of the communication technology and community program in the annenberg school for communication at the university of southern california she is author of several books including theories of mass communication with m l de fleur

challenging the notion of feminism as a unified discourse this book assembles writings that address art film architecture popular culture new media and other visual fields from a feminist perspective the book combines classic texts with six newly commissioned pieces articles are grouped into thematic sections each introduced by the editor providing a framework within which to understand the shifts in feminist thinking in visual studies as well as an overview of major feminist theories of the visual this reader also explores how issues of race class nationality and sexuality enter into debates about feminism in the field of the visual book cover

this reader is the most comprehensive selection of key texts on twentieth and twenty first century print culture yet compiled illuminating the networks and processes that have shaped reading writing and publishing the selected extracts also examine the effect of printed and digital texts on society featuring a general introduction to contemporary print culture and publishing studies the volume includes 42 influential and innovative pieces of writing arranged around themes such as authorship women and print culture colonial and postcolonial publishing and globalisation offering a concise survey of critical work this volume is an essential companion for students of literature or publishing
