fear is the common response to things we can't believe in or conceive in our minds
we fear the unknown things we can't understand everlyi was different and i lived my
life as low key as possible my childhood wasn't easy and relationships never worked
out so i stopped trying i accepted the fact that i would more than likely grow old
alone and i was okay with that the more men got to know me the faster they ran
then i met asher remington under unusual circumstances for him it was unusual but
for me it was the norm i was sent to new york to convince him not to go through
with a merger that would end up destroying him and the company his father worked
so hard to build he thought i was crazy until he discovered the truth in what i had
told him after he kicked me out of his hotel suite my job was complete and i
needed to forget about him but after spending one beautiful night together it
became impossible the more time we spent together the harder i fell he was living in
the shadow of a lie only he didn't know it if we were to have a chance together he
needed to know the truth and he needed to put the past to rest asherevery king
was crazy she was the craziest yet most beautiful woman i'd ever known we met
under very unusual circumstances she saved me from making what would have been
the most destructive decision of my life i owed her after spending one night with her
i craved more even though there were things about her that frightened me i didn't
want to stop seeing her then i let my guard down and feelings emerged i couldn't
allow it and i needed to stick by the decision i'd made several years ago after an
incident determined the course of my life i needed to forget about her and let her
go there was no us and there never would be the problem was the fear i had inside

was giving in and it tried to reason with me it kept asking the same thing over and over what if you 18
