drawing on original research and industry experience this book studies the historical debates and controversies underpinning photojournalism and those practising it today beginning with the origins of photography and the close knit relationship between journalism and the image this book goes on to consider the theories that have sought to unpick photography and photojournalism and how these translate to contemporary practice hadland examines the present and potential roles of photojournalism in society and reflects on how technological advances such as artificial intelligence may impact the profession ethical considerations and certain immeasurable dimensions of photography including concepts of power truth and meaning are brought into question alongside ongoing issues of exclusion and homogeneity amongst professional photojournalists critical issues in photojournalism is an ideal primer for students seeking a solid historical ethical and reflective understanding of the discipline

media policy plays a central role in shaping the evolution of the structure and functioning of media systems in understanding the opportunities and problems arising from the functioning of and innovation within the media sector media policy makers now face some of the greatest challenges in the history of mass and personal communication freedman 2008 1 defines media policy as the systematic attempt to foster certain types of media structure and behavior and to suppress alternative modes of structure and behavior a process taken part in unevenly by individual and group actors comprising institutions of government and governance firms civil society and people this challenge mirrors the one faced by scholars of media policy themselves academic research on media policy matters reflects the complex nuanced controversial and contested character of human communication it is a dynamic and varied field constantly in search of refined and new ways of determining causal relationships characterizing complex phenomena and providing solutions to deliver better understandings of fast evolving communications environments simpson puppis and van den bulck 2016 this research topic invites contributions that provide a better understanding of the core range of media policy challenges faced by policy makers in the contemporary media system the following questions will be explored what are the current matters of controversy what are the core positions in key debates who what are the main individual group actors in the debates what are the main affordances held by each party and how is this playing out in terms of the current outcome what are the likely policy outcomes and their implications in the future to what extent is the policy area in question characterized by both continuity and change what does the policy case tell us about the nature of media policy in the 2020s this research topic calls for contributions ranging across the media system and may focus on networks and infrastructures platforms search social media and commercial media services media content the topic theme invites contributions that explore media policy matters from conceptual theoretical empirical and dualistic perspectives theoretical and conceptual analyses should illuminate the position role and dynamic interplay between key actors interests and institutions of media policy often theoretical analyses of recent and current media policy matters lead to conceptual problematization and thence new explanations that bring the state of the art forward empirical contributions can be goods and service provider consumer user citizen regulator and state focused or any combination thereof potential subject areas might be though are by no means limited to policies for the digital economy and commerce the changing and enduring nature of policies for telecommunications and the audiovisual sector including public service media policy responses to the challenges and problems arising from the use of artificial intelligence across media content and services policy challenges and responses in journalism media policy as an environmental matter we invite contributions with various national international regional or global focuses contributions from cases in the global south are particularly welcome as are articles that tackle pressing media policy matters from the perspective of equality diversity and inclusiveness

this book is the first scholarly book to take a comprehensive look at germany s nuclear weapons policies in the 21st century german foreign and security policy is facing a profound reorientation great power competition between the united states and both a

revanchist russia and a rising china the return of war and nuclear threats to europe and the emergence of new technologies all force germany to adapt german policymakers and scholars increasingly speak of a pivotal zeitenwende an epochal turning point in history how does germany adapt its nuclear policies to these changing conditions the volume brings together internationally renowned nuclear scholars and policy analysts from germany and abroad focussing on german nuclear deterrence arms control and disarmament as well as nonproliferation policies the contributors assess how german leaders have navigated continuity and change domestically and abroad the volume concludes that germany remains bound by dependence on the united states and its own conservatism within these parameters german leaders have adapted slowly to change and continue to balance seemingly contradictory deterrence and disarmament goals this book will be of much interest to students of nuclear proliferation security studies german politics and international relations as well as policymakers

an original analysis of narratives of stability in three gulf states how has this concept influenced policy making since the arab spring
