the management consulting industry is a leading component of the world s knowledge
economy permeating every segment of industry commerce and government service a
multi billion dollar phenomenon it has yielded its own body of knowledge and set of
practices exponents do make a lot of money for the consulting businesses they serve
what is not always understood or transparent is the value clients receive this book seeks
to make good that deficiency in our perception of the profession learning on his deep and
wide ranging experience dr john louth seeks to lift the lid on the management consulting
profession in a critically reflective and accessible manner with vignettes and examples
drawn from his own experience and practice he dissects the rational explanations usually
provided by practitioners he calls for restraint and self awareness from both client and
consultant and advocates the reform of a profession that seems increasingly powerful and
unregulated dr louth explores the management consulting profession on its own terrain

through its own language and discourses he disentangles the management consultant's notions of strategy risk management change and project management so that these become meaningful to the layperson given the complexity that dominates the global geopolitical system and international economy he asks how management consulting diagnoses can be effective in an uncertain and highly contingent world with a foreword by professor rebecca boden of the university of roehampton business school in london this book is an accessible and scholarly monograph that is essential reading for those seeking to understand management consultancy and its role in the modern world

a handbook for corporate purchasers of management consultancy services this unique and highly authoritative guide provides a description of the profession worldwide and advice on how to choose and use its services effectively

the theme of this book is the political practices by zhejiang government under the guidance of china dream policy it reviews the political facets of governance the people's congress system the consultative system grassroots democracy rule of law government function restriction and supervision of power and the united front these areas are the foundations of chinese government and are currently discussed in detail from the point of view of the zhejiang local administration as china has its unique political system this book could help scholars and policy makers around the globe better understand the operation of chinese government and political goals for the future under the guidance of the statecraft
