the papacy has often resembled a secular european monarchy more than a divinely inspired institution roman pontiffs bestowed great wealth on their families and forged strategic alliances with other powerful families to increase their power pope alexander vi rodrigo borgia for example forced his daughter lucrezia into a series of marriages for political reasons when her marital alliance was no longer advantageous as was the case in her second marriage her husband was brutally murdered many papal families also intermarried in hopes of forming a hereditary papacy at least two members of the fleschi piccolomini della rovere and medici families served as pope papal families since the early history of the church are fully covered in this comprehensive work genealogical charts graphically show the descendants of the popes presenting in many cases the interrelationships between the papal families and their relationships with many of the leading families of europe detailed histories examine the impact of the papacy on each pope s family and how each influenced the history of the church

at 11 10 p m on july 25 1956 the luxurious italian ocean liner andrea doria collided with the stockholm forty five miles south of nantucket half a century later the wreck of the andrea doria is still claiming lives professional and amateur divers the world round consider the andrea doria to be the everest of diving at 225 feet below the surface the wreck lies at the very edge of human endurance and accomplishment ordinary air becomes toxic and the divers who go there suffer nitrogen narcosis or the rapture of the deep symptoms include confusion lack of coordination and perhaps most deadly of all a loss of the ability to make clear decisions as a result divers use trimix an exotic blend of oxygen

nitrogen and helium to descend through the strong currents rusted metal and twisted wires to the ultimate symbol of deep sea diving accomplishments china teacups and plates from the wreck of the andrea doria for serious wreck divers these fragile artifacts are genuine proof of their abilities as divers during the summers of 1998 and 1999 three elite divers lost their lives all on separate dives from the top dive boat out of montauk the 65 foot seeker craig sicola was clearly suffering from china fever before he went down he d handled teacups brought up by veteran doria diver gary gentile and the gleam in craig s eye was unmistakable craig dove on june 24 1998 a few hours later his body bobbed to the surface he was carrying a plate joe haberstroh the award winning newsday reporter watched events unfold during the summers of 1998 and 1999 in this remarkable and intriguing book he recreates what was the pride of the italian fleet how it sank the dangers of the deep and the gripping personal stories of the men who live or die for a teacup from its remains

this third of four volumes of hospitaller history is believed to be the first in depth treatment of hospitaller history during the years 1565 to 1623 since bartolomeo dal pozzo s historia della sacra religione militare di s giovanni completed in 1703 following a post mortem on the 1565 ottoman siege of malta this third volume moves quickly into accounts of 1570 s hospitaller raid on the ionian island of santa maura modern levkas of the 1570 naval battle of cape passero sicily of the 1570 71 ottoman siege of famagusta cyprus and of the 1571 naval battle of lepanto in greece s gulf of patras the most deadly naval battle in history while mention is made in the latter instance of christian commander don juan half brother of spain s king philip ii there is lengthier treatment of juan s ottoman counterpart muezzinzade ali and even lengthier treatment of numerous hospitallers and lower ranking ottomans participating it is by intention that these histories bring to light contributions of lieutenants allies and enemies as well as descriptions of events heroism agony and even tedium leading to the headlines hence these four histories also deal with the hospital s long war against bubonic plague its prolonged suffering from the greed of papal nepotism its constant struggle to remain financially viable its consequential participation in state sponsored piracy and its survival only on the backs of slaves it is important to realize that hospitallers were agents of a vast catholic organization blanketing europe and while the largest group of hospitallers were knights perhaps half were chaplains or serving brothers in europe there were an unknown number of commanderies or local concentrations of knights chaplains or serving brothers perhaps a thousand many with their own medical facility each with one to thirty hospitallers operating for profit enterprises expected to support headquarters with a portion of the profit and while history focuses on the headquarters in these volumes at rhodes malta and in between by far the majority of hospitallers rarely or never visited headquarters furthermore the hospitaller bailiwick of brandenburg was a virtually independent organization said by some to be of a size approaching the remaining hospital electing its own herrenmeisters and with the coming of martin luther even abandoning catholicism but never quite severing all ties to the parent organization similarly the hospital itself was a semi independent arm of the church at rome one might conclude a long suffering arm of the church at rome the author hopes the reader finds this history as interesting and stimulating as did he
