it s time for a kindness revolution in the kindness cure psychologist tara cousineau draws on cutting edge research in psychology and neuroscience to show how simple practices of kindness for ourselves for others and for our world can dissolve our feelings of fear and indifference and open us up to a life of profound happiness compassion for ourselves and others is our birthright as humans hardwired into our dna and essential to our happiness but in our fast paced technical savvy and hyper competitive world it may come as no surprise that rates of narcissism have risen while empathy levels have declined we now find ourselves in a cool to be cruel culture where it s easy to feel disillusioned and dejected in our hearts homes and communities so how can we reverse this malady of meanness and make kindness and compassion an imperative the kindness cure draws on the latest social and scientific research to reveal how the seemingly soft skills of
