indian mythology is a teeming storehouse of heroes and heroines who are psychological studies in themselves did you know for instance how krishna s son who was his father s alter ego tackled the curse to be the destroyer of his entire clan did you know that sage gargi was the only lady amongst legendary sages who competed for the prize for the greatest sage in the sub continent did you know that sahaddev the youngest pandava had qualities lacking in any of his other better known brothers did you know that shakuni is actually a tragic hero myth and the mind is a collection of six short stories about very interesting personalities in indian mythology these men and women are all great and they are all human beings in whom we will all discover a small part of ourselves

a radical rethinking of the nature of consciousness

there is no such thing as your mind and my mind there is only mind the totality of all that has been known felt and experienced by man handed down from generation to generation we

are all thinking and functioning in that thought sphere just as we all share the same atmosphere for breathing the thoughts are there to function and communicate in this world sanely and intelligently

a quarterly review of philosophy

why were prometheus and loki envisioned as chained to rocks what was the golden calf why are mirrors believed to carry bad luck this groundbreaking book points the way to restoring some of that lost history and teaching about storytelling

god not matter is fundamental far from religious fiat attempting to supplant scientific inquiry the source of that stunning conclusion is actually evidence that the anatomy of the human brain disallows consciousness from being the unbelievably serendipitous work of a random universe instead the universe must itself image the mind of god to make sense mind matter and god exploding the myth of evolution is a perfect synchronization of philosophy religion and hard science that will shatter the materialistic illusion of matter before mind by examining the design of the brain glenn g dudley md has discovered irrefutable proof that charles darwin s theory of evolution is patently false in this tell all collection of insights dudley outlines the previously unseen functions of our own limbic system the energy regulating center of the brain dudley concludes that consciousness is the very presence of god in fact it cannot be fully explained without acknowledging that humanity was created in the image of god the transcendent observer touching on cosmology neuroscience and quantum physics dudley offers the convincing argument that all things from superstrings to supernovas depend upon the image of the mind of god as the creator and sustainer of the universe

ten years ago a human brain was created and installed into the control centre of the manmade sana island to most people it is known as mindop a non living entity operating in the background of their lives only a girl named myth knows better his name is dragon and he is very much alive and after ten bodiless years dragon has a dream that will change everything and will put his mind and myth s life in mortal danger there are powerful forces that don t want the truth revealed and they re coming for dragon but where do you run to when you re already everywhere
