excerpt from american history and government a d104 book on the history and civil government of the united states it is safe to say that a very large proportion of our pupils leave school without becoming sufficiently familiar with our system of government the curriculum of the high school is crowded new subjects are constantly being introduced for one reason or another and this tends to the

undue crowding of the course of study and to bringing into the high school many subjects that properly belong to the college the result is that time is not allowed for the thorough drilling and for the supplementary reading on those subjects in which some solid elementary knowledge should be expected of all the pupils in our public schools about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

american history and government a text book on the history and civil government of the united states by james albert woodburn and thomas francis moran offers a comprehensive overview of the formative years of the nation originally published in 1906 this text provides detailed insights into the historical events political developments and governmental structures that shaped the united states readers will gain a deeper understanding of the key figures turning points and foundational principles that underpinned the nation s growth this book serves as an invaluable resource for students and enthusiasts seeking a robust grounding in american history and civil governance during the late 19th and early 20th centuries this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this unprecedented survey and analysis of government is planetary in its reach

the late s e finer s tour de force demonstrates the breadth of imagination and magisterial scholarship which characterized the work of one of the leading political scientists of the twentieth century

the history of government by a t jones large print edition 6 9

excerpt from history and government of west virginia the idea of preparing a history of west virginia as text book for use in the public and private schools of the state was not born of a sudden impulse for more than a quarter of a century the author has been engaged in public school work and nearly all that time in active classwork in the schoolroom while so engaged he became strongly impressed with the fact that any course of instruction is seriously defective if it does not include a study that enables pupils to grow familiar with the history of their own state and people history is also entitled to a place in the curriculum because it possesses high value as a character builder because its subject matter is in itself deeply interesting and because it readily leads into other subjects of the school course this book has been prepared for the use of schools and its aim is to place in the hands of the children of west virginia a faithful non sectarian and non partisan history of the state in which they will eventually have to discharge the duties of citizens or residents as west virginia is one of the many states composing the great republic enough of national history has been interwoven to enable the pupil to perceive in what manner and to what extent the local laws customs and institutions of the state have been affected by events occurring in the progress of the nation about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at

forgottenbooks.com this book is a reproduction of an important historical work. forgotten books uses state of the art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. in rare cases an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. we do, however, repair the vast majority of imperfections successfully. any imperfections that remain are intentionally left to preserve the state of such historical works.
