crocs the colorful shoe brand was established in the early 2000s and hit its peak recently in 2021 the company recorded an all time high revenue of 2.3 billion dollars in 2021 a 67% increase from the

previous year founded by scott seamans and george boedecckera based on another canadian clog brand the brand was first established as a practical everyday shoe brand for people who thrive outdoors they were struck by this idea when they were on a boating trip in the caribbean wearing shoes similar to the classic clogs by a canadian brand when they were struck with this idea the clog uses a material called croslite a comfortable and waterproof foam technology which the founders loved and acquired the full rights they later named the clog crocs due to their functionality both on land and in water the company was started in 2002 went public in 2006 and became a hit by 2007 crocs received a lot of hate for being ugly news channels newspapers blogs and multiple other channels berated crocs for being ugly however crocs took full advantage of this publicity unlike most companies crocs gained a lot of popularity within the first few years of establishment after all when it first released an ipo in 2006 it was one of the biggest ipos released by a footwear brand at the time however due to the 2008 financial crisis crocs was impacted like many other companies it faced a total net income loss of 185 million dollars even though the original craze has gone down it was still able to hang on due to its global presence however starting in 2014 crocs started making major changes in its business model it started closing stores and outlets and laid off over 200 employees in its reconstruction efforts and started growing its online presence by selling through platforms such as amazon as part of the reconstruction effort crocs discontinued around 30 of its shoe designs to focus more on the classic clog it also invested heavily in a global market push in order to re establish its brand image in spite of these efforts the stock price remained stable until the global pandemic hit in 2020 suddenly sales started sky rocketing in 2020 during a global pandemic while most brands were struggling to stay open how did this happen how was crocs different from other multi purpose comfort oriented shoe brands in the market research statement this case study aims to justify the reason for crocs soaring success since 2020 leading to its peak in 2021 and the strategies the company used to achieve it it also compares the marketing strategies it used pre pandemic and during the pandemic and highlights how the strategy affected its brand image
